Lieutenant General Leonard H. Perroots, USAF
Director, Defense Intelligence Agency
Washington, D. C. 20301

Dear Lenny:

STAT This is to thank you for the support DIA provided to the recent
STAT assessment, National Narcotics Border Interdiction System Intelligence
Evaluation Report, January 1988, requested by the Office of the Vice
President. I would appreciate your extending my thanks and compliments to
[redacted] for his participation.

STAT [redacted] proved to be an eager, effective, and professional member of the
STAT review group. His knowledge of the foreign intelligence process coupled with
his personal insight to the law enforcement community (LEC), provided
invaluable input throughout the data gathering, analysis, and evaluation
necessary to prepare this report. He probed and tested alternatives based on
his own experiences as an analyst in the LEC. He was instrumental in
articulating the impact on coordinating complementary foreign intelligence
support to the drug intelligence effort, especially in the use of terminology.

STAT [redacted] should be recognized for his performance which reflected highly
on the Defense Intelligence Agency.

Sincerely,

STAT [redacted]
Edward J. Heinz
Lieutenant General, USAF
